Cast Notes

HIGH PRIORITY NOTES:

Conflicts are no longer being accepted

We are still in need of Men in this show. If you know any male who is willing to be a part of the show in any capacity, let us know.

Notes:

- ****Sell Ads! These ads will help pay for programs for the entire season!****
 - Look over any choreography, music, notes.
- Props, we will be making a prop list here soon with any prop needs we may have for the show. If you have any of them and are willing to let us borrow them for the show please let us know.
- As Johanna said, once a scene is blocked, the next time we run you're off book
- Look over any videos on the Facebook group page, these will help you to learn choreo if you missed anything.
 - If you need any notes on blocking please come to DREW, HONEY, or a fellow cast member who may have it. Johanna will not be reteaching blocking.
- Fight Call: We will start to work fight call into our routine if the scenes we are doing that day require one. Please during that time try to be as quiet and as focused as possible. **WE DO NOT WANT ANY INJURIES.**
- One last thing, if you are not in a scene please make sure to be as quiet as possible. This will allow us to fully focus on the scene we are working on.
